

## Subject Report

**Teacher: Rebecca Taylor**

**Subject: History**

**Date: May 2023**

We have had a very busy and exciting year in History at Holly Grove.

We are continuing with the scheme of work (written in 2021) and children focusing on historical skills and what they have learnt about the past. We have also continued to purchase the Museum Library Loans to enhance our curriculum. The children have really enjoyed exploring the artefacts and dressing up and I have already ordered next year's loan boxes.

In November we marked Remembrance Day and held a 2-minute silence to pay our respects. On Friday 5<sup>th</sup> May we had a whole school celebration party for the King's Coronation. Classes had been learning all about the Coronation during the week and enjoyed designing and creating a crown for our school competition. Class Libby also enjoyed a visit to the train station to look at an old steam train. Teachers are continuing to use the new assessment tool to measure children's progress.
